

Name: _____

8 x Tables

$4 \times 8 = \underline{\quad}$

$8 \times 10 = \underline{\quad}$

$7 \times 8 = \underline{\quad}$

$6 \times 8 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$7 \times 8 = \underline{\quad}$

$2 \times 8 = \underline{\quad}$

$6 \times 8 = \underline{\quad}$

$3 \times 8 = \underline{\quad}$

$8 \times 6 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$

$8 \times 10 = \underline{\quad}$

$8 \times 1 = \underline{\quad}$

$8 \times 7 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$8 \times 9 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$8 \times 8 = \underline{\quad}$

$9 \times 8 = \underline{\quad}$

$7 \times 8 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$

$6 \times 8 = \underline{\quad}$

$8 \times 5 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$

$8 \times 9 = \underline{\quad}$

$10 \times 8 = \underline{\quad}$

$8 \times 6 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$

$8 \times 2 = \underline{\quad}$

Working Mathematically

- 1) We have 8 people in our sports teams.

How many people in 7 teams? _____

- 2)  Alex gave 9 people 8 lollies each.

How many lollies did he give out? _____

- 3) There are 8 CDs on each shelf in the rack.

How many CDs in 10 shelves? _____

- 4) There are 8 fish in each tank in the pet shop.

How many fish in 4 tanks? _____

- 5) Susie put 8 teddy bears on each shelf of her toy cupboard.

How many teddy bears on 3 shelves? _____
