# It Rained

## *Questions to think about*

How can the choice of words for the description be made more interesting?

What other words can be added to make the description more specific?

What words can be used to describe the sound of the rain?

How can the look and feel of rain be described?

What technical words can be used for rainfall?

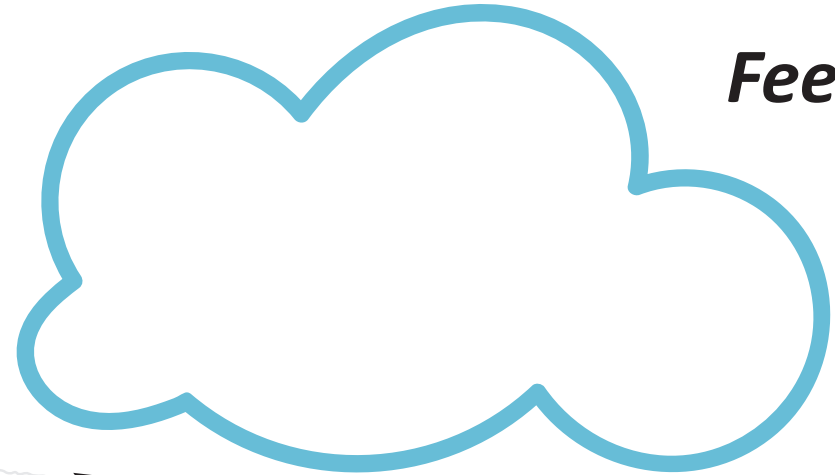

# It Rained

Think of interesting words to describe the sound, feel and look of rain.

**Sound**

**Feel**

**synonyms for  
the word 'rain'**

**Look**

# It Rained

Write a narrative about being caught in the rain.  
Include some descriptive paragraphs in your writing.

A description can be contained in a paragraph within a narrative to describe the setting. It sets the mood for the story.

Descriptions can also be included to describe characters.

If you choose the right words, descriptions help the reader 'see' the story in their mind with their imagination!
