Data

Name: _____

Tallying information in a table & creating a column graph.

Colour of cars seen at _____
*during a 5 minute period from* _____ *to* _____

colour	tally	colour	tally
orange		green	
red		blue	
black		brown	
beige		gold	
silver		white	
yellow		other	

Record your data:
Make tally marks to record how many cars of each colour you see go by your school during a 5 minute period.

Construct your column graph:
1) Label the numbers of cars on the graph. (You may need to make each box represent two cars)
2) Colour in your columns to show the number of cars seen in each colour.
