

Name: _____

4 x Tables

$4 \times 4 = \underline{\quad}$ $4 \times 3 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$ $8 \times 4 = \underline{\quad}$

$8 \times 4 = \underline{\quad}$ $7 \times 4 = \underline{\quad}$

$5 \times 4 = \underline{\quad}$ $2 \times 4 = \underline{\quad}$

$5 \times 4 = \underline{\quad}$ $4 \times 9 = \underline{\quad}$

$5 \times 4 = \underline{\quad}$ $4 \times 1 = \underline{\quad}$

$9 \times 4 = \underline{\quad}$ $4 \times 6 = \underline{\quad}$

$4 \times 8 = \underline{\quad}$ $4 \times 8 = \underline{\quad}$

$4 \times 0 = \underline{\quad}$ $9 \times 4 = \underline{\quad}$

$4 \times 5 = \underline{\quad}$ $1 \times 4 = \underline{\quad}$

$4 \times 4 = \underline{\quad}$ $4 \times 4 = \underline{\quad}$

$1 \times 4 = \underline{\quad}$ $2 \times 4 = \underline{\quad}$

$4 \times 10 = \underline{\quad}$ $5 \times 4 = \underline{\quad}$

$4 \times 6 = \underline{\quad}$ $6 \times 4 = \underline{\quad}$

$4 \times 6 = \underline{\quad}$ $4 \times 8 = \underline{\quad}$

$6 \times 4 = \underline{\quad}$ $4 \times 9 = \underline{\quad}$

$4 \times 6 = \underline{\quad}$ $4 \times 7 = \underline{\quad}$

Working Mathematically

- 1)  Each of the 8 tents at our camping site had 4 people staying in them.

How many people at the camp? _____

- 2) Cakes come in packs of 4.

How many cakes will I have if I buy 5 packs? _____

- 3) These books come in sets of 4.

How many books in 9 sets? _____

- 4) I have arranged my football cards into rows of 4.

How many cards in 6 rows? _____

- 5) There are 4 games of cards being played. There are four people on each team.

How many people are playing cards? _____
