Aladdin and the Genie

Date:

Have you heard the story of Aladdin and the magic lamp he retrieved from a heavily guarded cave? Imagine how you would feel if a scary looking genie appeared from the lamp in a cloud of smoke. What do you think you would say to each other?

Using Speech Marks

Use speech marks to show what is said during the conversation. Add other clues to tell the reader how the words were spoken. For example: said the genie, bellowed the genie, whispered Aladdin, shouted Aladdin.

Suddenly a cloud of smoke drifted out of the lamp. The cloud grew and formed the shape of a man. Aladdin dropped the lamp and jumped back in fear.
"Who are you?" whispered Aladdin.
"I am the most powerful of all genies in the kingdom." replied a booming voice.
