

# emergency services: AUSTRALIA

## Call for help

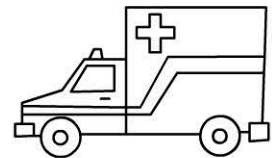

If you see a fire and you can see an adult tell them immediately.

If there are no adults to tell, call for help on \_\_\_\_\_.

If someone is injured and needs help, look for an adult and tell them immediately.

If there are no adults to tell, call for help on \_\_\_\_\_.

If there's a problem and you need the police, look for an adult and tell them immediately.

If there are no adults to tell, call for help on \_\_\_\_\_.

-----  
Imagine that you are at home with an adult. They start feeling very sick and tell you they need an ambulance. What would you do?
