

Penguin Species Native to Antarctic Regions

Emperor

King

Adelie

Gentoo

Macaroni

Rockhopper

Chinstrap

Antarctic Penguin Facts (Part 1)

Emperor Penguin

Population:

600 000

Average Height:

115 cm (45 inches)

Breeding Grounds:

Antarctic Continent

King Penguin

Population:

2.23 million pairs

Average Height:

90 cm (35 inches)

Breeding Grounds:

Falkland, South Georgia, South Sandwich, Prince Edward, Crozet, Kerguelen, Heard and Macquarie Islands.

Gentoo Penguin

Population:

300 000

Average Height:

71 cm (28 inches)

Breeding Grounds:

Antarctica, Falkland Islands, South Georgia, South Sandwich, Prince Edward, Crozet, Kerguelen, Heard and Macquarie Islands
