

Opposites

Antonyms

An antonym is a word opposite in meaning to another. For example, the antonym of "hot" is "cold".

- hard** happy cold soft warm
- asleep** tired awake walking happy
- wet** rain hot cool dry
- black** white dark red light
- tall** long giraffe big short

Light or Heavy?

Circle which is heavier:

dog OR elephant?

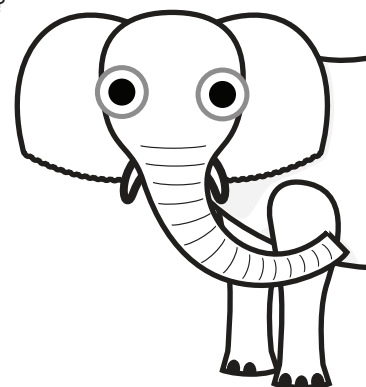

whale OR dolphin?

canary OR tiger?

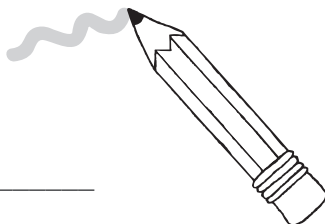

pencil OR shoe?

balloon OR apple?

Art

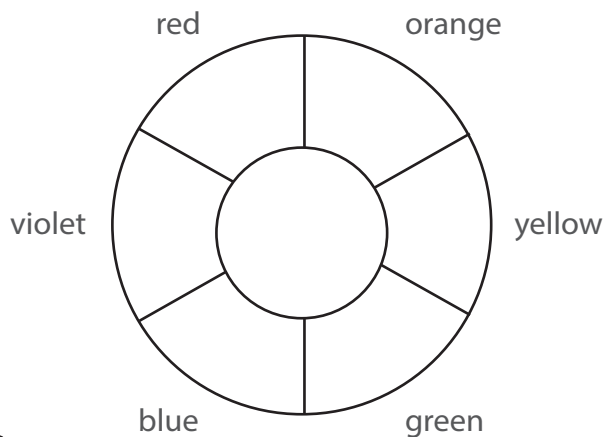

The three **primary** colors are red, yellow and blue.
 The three **secondary** colors are orange, violet and green.
 These are made by mixing the two of the primary colors.
 For example, if you mix blue and yellow, it makes green.
 Colors that are **opposite** each other on the color wheel are "**complementary**" colors.

Complementary colors

- What color is opposite red _____
- What color is opposite blue _____
- What color is opposite violet _____

The Color Wheel

Use crayons or pencils to color the color wheel.
